Presents the

## **Colorado Workers' Compensation 101 Workshop for the Beginner**

**December 7, 2009 or January 13, 2010**

**9:00 pm to 4:00 pm**

**633 17<sup>th</sup> Street**

**Second Floor Training Room**

**Denver, Colorado 80202-3660**

**Purpose:** to provide basic workers' compensation knowledge and basic fee schedule knowledge to the novice medical billing and AR staff, as well as, to the insurance bill reviewing communities.

As an active participant in the Colorado Workers' Compensation program, you are invited to attend a whole-day workshop focused on the basics of understanding workers compensation and the basics of how to derive the maximum Colorado medical fee schedule value for all types of medical bills. Examples of medical bills will include anesthesia, surgical, radiology, pathology, medicine, physical medicine and rehabilitation, evaluation and management services as well as different types of facilities.

The program is designed to educate the novice workers' compensation **medical biller & coder**, who either bills or collect payments or **workers' compensation payers, and third-party reviewers** who will review workers compensation medical bills.

The objectives of this training are designed to provide the attendees with:

- ❖ Basic understanding of state "Workers' Compensation" programs.
- ❖ Understand the basic difference between workers' compensation statutes and rules.
- ❖ Understanding of the differences between state and federal workers' compensation.
- ❖ Brief understanding of how HIPAA- Privacy Rules relate to Workers' Compensation programs.
- ❖ Basic understanding of how Workers' Compensation is different than other payer systems.
- ❖ Understanding that State Workers' Compensation Medical Fee Schedules can be very different from state to state.
- ❖ Understanding of how to calculate professional and facility maximum fee values for Colorado.
- ❖ Useful Workers Compensation Resources.

**The workshop is free, but space is limited. No additional basic workers compensation workshops will be offered.**
