

REGISTER IN THE MINORITY BUSINESS OFFICE SMALL BUSINESS DATABASE MARKET YOUR COMPANY STATEWIDE

In 2008, the Minority Business Office of the Colorado Office of Economic Development and International Trade developed a Small Business Database to give small businesses another venue to market their companies. We are encouraging government agencies, large corporations and prime contractors to use this database as a resource when they are looking for small businesses and DBEs/MBEs/WBEs. There is no cost to enter your company in this database.

To register your company:

-Go to www.AdvanceColorado.com

-Click on “Business Support” in the top tool bar

-On the left hand navigation bar, click on “Minority and Women-owned businesses”

-On the left hand navigation bar, highlight “Finding Minority and Women-owned businesses”

-This page has a hot link to allow you to enter your company information in the Minority Business Office Small Business Database.
